NATION'S SUGAR PROGRAM GETS NEW EXTENSION

Continued To Oct. 31 By Congress; Truman Seeks Longer Period

(By Associated Press)
WASHINGTON, April 1.—Sugar rationing gained a new seven-month lease on life today, but President Truman—fearful of “disastrous economic consequences” from such a short extension—announced he might seek longer controls.

The sugar act, which also carries sugar price control to Oct. 31, was approved by congress yesterday with a 90-day extension of the President's power to parcel out a sharply trimmed list of industrial, drug and food items.

Mr. Truman signed both bills in time to prevent the entire sugar and allocation program from lapsing along with the Second War Powers act. The act is the source of the priority, rationing and allocation power. It ran out at midnight, save for the few controls salvaged.

But Mr. Truman said he penned his signature “with reluctance” on the sugar bill because congress apparently is counting on more greatly improved sugar supplies “than those now definitely in prospect.”

“I should like to emphasize the fact that sugar supplies in the United States normally approach a low level early in the fall,” his statement said. “If controls are ended on Oct. 31, the situation may be as dangerous as if they had been allowed to lapse today.”

It is this, he said, which Mr. Truman added, he will “ask the congress to reconsider,” inasmuch as some members “clearly recognized” the dangerous possibilities during debate on the bill.

No Change Planned
No change in sugar rations or regulations will be made for the present, Secretary of Agriculture Clinton P. Anderson announced. He took over the program today, in line with congress' mandate relieving OPA of the job, but he set up a new “sugar rationing administration” in the department made up of OPA's former sugar staff.

The bills provides 20 pounds a person for the next seven months, or an annual rate of 35 pounds, 10 pounds more than last year.

It sets aside 50,000 tons for new industrial users, and continues inventory controls until next March 31, to prevent big industrial users from hoarding supplies once coupon rationing ends.

A big question was whether grain, rice, meat and other agricultural products could continue to be parceled out for domestic, military and foreign consumption. They were not singled out by name as were tin, antimony, freight cars, cordage, cinchona bark for quinine and the drug streptomycin.

Murphy Company To Take Over Additional Space

Offices on the second floor of the Murphy building, E. State st., formerly occupied by Burt Capel, T. R. Whinnery and Dr. N. R. Pettay, will be remodeled into a rest and lunch room for the employees of the G. C. Murphy store, Byron Mason, manager, announced today.

An auditorium 20 by 40 feet also will be included. Work on the project will be begun in the near future.

The present rest room on the mezzanine floor will be used for additional office space, Maxson said.

CHICAGO VOTE TESTS PARTIES

Chicago Mayoral Election Today Attracts National Attention

(By Associated Press)
CHICAGO, April 1.—Chicago's mayoral election contest between two political newcomers drew national attention today in a major test of party strength preliminary to the 1948 presidential battle.

With more than two million voters, Republican and Democratic party leaders considered the results would give them their first indication of how the political winds are blowing since last November's congressional election.

Democrats have been in power in Chicago for the last 16 years and their big city vote was a major factor in giving Illinois' 28 electoral votes to the late President Roosevelt four times.

However, the Republicans, headed by Governor Dwight H. Green, won 14 of 17 offices in Cook county (Chicago) last November and they have waged a determined campaign to win control of the city hall.

Carroll Reece, Republican national chairman, said the election of the Republican candidate, Russell W. Root, would be a second major step to electing a GOP president next year. He said the first step was achieved in last fall's general election.

Root, 48-year-old attorney and assistant state treasurer, is opposed by Martin H. Kennelly, 59-year-old business man and civic leader.

Both are seeking their first elective office, a job which pays \$18,000 annually for four years. The mayor also has control of the city hall and its 16,000 jobs and political rule of the nation's second largest city.

Kennelly was selected by the Democratic organization after Mayor Edward J. Kelly, 70 and now completing his record 14-year tenure, announced his retirement.

Although showers were forecast a turnout of between 1,250,000 and 1,500,000 voters was predicted.

Holy Week Services At Episcopal Church Fixed

\$350,230 Appropriation Passed By School Board

Operation of Salem public schools for 1947 will cost \$350,230.45, according to the annual appropriation measure approved Monday night by the board of education.

Actually, the funds allocated to the schools by the county auditor's office are \$52,588.96 less than was allowed last year, but the 1946 figure of \$402,828.41 included some tax moneys carried over from 1945 and a slight increase in the tax rate, which are not included this time.

Because of the decrease in the total figure this year, the board was forced to pare down considerably its building repair fund, allocating but \$8,293.37 to that fund as compared to an actual expenditure of approximately \$28,000 in 1946 for the same purpose.

Teachers Salaries Up
Teachers' salaries this year will consume \$226,200 in 1947 as compared to \$196,200 last year. This increase includes the annual increments allowed the teachers under the current salary schedule (approximately \$15,000) and other expected increases.

Further increases, Supt. E. S. Kerr explained, will have to come from further aid from the state, as is now under consideration by the Ohio assembly.

The board, because of the smaller total amount allowed this year, failed to allocate any funds for capital outlay and unanticipated emergencies.

The two funds were allotted a total of \$4,500 last year. Other funds were decreased slightly this year, thereby allowing the increase in the salary fund.

The bond retirement fund this year totals \$21,046.08 as compared to \$19,689.14 in 1946.

The complete breakdown of the appropriation follows:

Personal Service
Administrative salaries, \$13,000.
Instructors salaries, \$226,200.
Coordinate activities, \$4,300.
Operation of school plant, \$26,500.

Supplies
Total estimate, \$6,000.
Contract, Open Order Service
Repairs to school buildings, \$8,293.37.

Fixed Charges, Contributions
Total estimate, \$1,500.
Grand total, general fund \$329,193.37.

Bond Retirement
Serial bonds maturing \$12,000; interest on bonds \$9,046.08; total, \$21,046.08.
Grand total appropriation \$350,230.45.

The 28.7 degree average for the month is lower than 1941's 29.8 average, the previous record low.

The month's day temperature averaged 36.6 and the nights 20.8. Normal temperature for March is 37.3, Copeland said.

During the month just passed only three days had temperatures above 50, sunshine was 25 per cent as compared to the normal of 40 and the month's snowfall totaled 5.5 inches. The average snowfall for March is 4.7 inches, Copeland said.

Normal precipitation for March is 3.2 inches while the past month only netted 1.05 inches. The year so far is 2.10 inches short in precipitation. Only 1.63 inches has been recorded this year.

With the high winds and unusual snowfall of last week, this area experienced the worst blizzards ever recorded in March. The barometer reading reached a low of 28.5.

Copeland reports that wheat fields are brown, due to the cold weather and the winds but the prospects are still good for a bumper crop.

Farmers were unable to do much field work during the month and were forced to use unusually large amounts of feed.

Spring planting appears to be about two to three weeks behind schedule, but Copeland predicts “a break in the weather and lots of sunshine and April showers.”

10 Percent Rent Boost Gains Favor

(By Associated Press)

WASHINGTON, April 1.—The house banking committee voted today a 10 percent across the board increase in rent ceilings.

The committee also voted to repeal all government controls over buildings materials and construction.

Chairman Wolcott (R-Mich) described the committee action as “tentative,” saying final decision will be reached tomorrow.

Members reported that the banking group, meeting behind closed doors, voted 9 to 4 to allow a 10 percent increase in rentals. Several members were reported not voting.

The bill, in its tentative form, abolishes provisions in the Patman housing act for building materials allocations and for restrictions on commercial construction.

It also would abolish the office of housing expediter and give the President authority to place its remaining functions in another agency.

The measure retains veterans preference in rental or purchase of new houses or apartments, and also would keep the government insurance of mortgages up to 90 percent of the value of new homes.

The committee was reported to have rejected a proposal by Rep. Monroney (D-Okla) that it accept the senate banking committee's formula for continuing rent controls.

TWICE-EXILED MONARCH DIES AT AGE OF 56

Heart Attack Is Blamed; Brother, Prince Paul, To Ascend Throne

ATHENS, April 1.—King George II of Greece died suddenly today and his brother, Prince Paul, will be sworn in as monarch at 7:30 p. m.

The king, 56, died of a heart ailment.

Immediately after the new king is sworn in, the government and monarch will issue messages to the people.

George, who spent many years of his reign in exile, was returned to his throne last September by a plebiscite.

Twice Exiled
The king, twice exiled from his country, returned to Greece after an election decided upon continuance of the monarchy. This election has been attacked as unrepresentative by Russian factions, but its fairness was upheld by American and British delegates who observed the polling.

The death brought a new angle into the question of American aid to Greece, now being debated in Washington.

The king died at the height of a critical period in his country's history—at a time when a united nations inquiry commission was in the Balkans studying his nation's charges against her three neighbors—Albania, Yugoslavia and Bulgaria.

The Greeks have charged her neighbors with encouraging bloody guerrilla warfare in the north and with having territorial ambitions directed against Macedonia and Thrace.

Yugoslavia, Bulgaria and Albania on the other hand, have charged that Greece's border troubles stemmed from suppressive tactics of the royalist government.

Heir To Throne
Prince Paul, third son of the late King Constantine and a brother of George, is the heir to the throne. The king was born July 20, 1890.

Police Investigated 26 Accidents, Made 81 Arrests In March

Police Chief Nerr Gaunt reported 26 traffic accidents during March, seven deaths and 81 arrests on miscellaneous charges.

In the accident category 20 two-car collisions were reported, three auto and fixed objects mishaps, two auto-pedestrian, and one auto-bicycle accident.

One stolen car was recovered. Other thefts reported during the month included three petty larceny offenses, two breaking and enterings and one classed as grand larceny.

Arrests were headed by the intoxication group with 18. Four arrests were made for drunken driving, five for disorderly conduct, two for resisting arrest, two for assault and battery, and one each for reckless operation, hit-skip operation, and a third for being absent without leave from the armed forces.

The chief said 47 traffic tickets for various minor offenses, mostly parking, were given out.

5,000 AUTO TAGS SOLD BY DEADLINE

A total of approximately 5,000 automobile license plates had been sold at Columbiana County Motor club office here at the close of the sale Monday, the final day on which 1946 plates were still useable.

Mrs. A. P. Morris, registrar, said a few stragglers were buying plates today. About 75 had been sold this morning.

CAPITAL REACTS TO KING'S DEATH

U. S. Congressmen Renew Warning of Communist Overthrow

(By Associated Press)
WASHINGTON, April 1.—The death of King George of Greece provoked today congressional admonitions that the Greek people must guard against a Communist attempt to seize control of that country's shaky government.

The immediate reaction to the Greek monarch's death found few legislators of the opinion that it would materially affect action on President Truman's \$400,000,000 aid proposal to bulwark Greece and Turkey against Communism.

This viewpoint appeared strengthened by a report from Athens that Prince Paul, the king's brother, is to be sworn in as his successor, thus leaving the country still under the control of a monarchy.

House Speaker Martin (R-Mass) said that George's death “probably will have no effect” upon the bill.

Ohioan's Comment
Rep. Vorys (R-Ohio) agreed. “In democracies,” he said, “we believe in a government of laws—not of men. Therefore, this should make no difference in our advice and suggestions as to the application of democratic principles in Greece.”

“The only danger,” he added, “is an attempt by some minority group—and I'm thinking of the Communists—to set up an interim government under minority control. We would disapprove of that.”

Senator George (D-Ga), member of the senate foreign affairs committee, said the monarch's death “might assist the (aid) program in some ways, assuming that a stable government can be formed there.”

Senator Vandenberg (R-Mich), chairman of the committee, withheld comment for the time being. So did Undersecretary of State Acheson.

Rep. Mundt (R-SD) expressed hope that the Greeks “will proceed with great caution to prevent the Communist elements from taking advantage of the situation by setting up a coalition government which they could control.”

At the Greek embassy, Charge d'Affaires Economou-Gouras, expressed his “deep sorrow over the loss of our King at this grave hour in the affairs of our country.”

April Arrives With Warmer Temperatures

With the beginning of April, it is almost certain that Mother Nature has permanently cast aside her frosty winter robe of snow, in favor of a warmer garb of sun and spring showers.

Following the stormy wake left behind by the most turbulent March in decades, the “new deal” in weather is welcomed by young and old.

Today's temperature at noon was 54 degrees, with a high of 55 and a low of 37. A year ago today the mercury hit a maximum of 58 degrees.

EXTENDED FORECAST
Lower lakes — temperatures will average 4 to 8 degrees above normal, warmer Wednesday, cooler Wednesday night and Thursday, little change Friday, rising trend Saturday and Sunday, precipitation will average one-fourth to one-half inch, occurring as rain Tuesday night and Wednesday and showers Saturday and Sunday.

Daylight For Recreation

City council is going to disappoint a lot of Salem people tonight. No matter how it votes—in favor of the ordinance to restore Eastern Standard time, or against it, thus retaining Daylight Saving time for the summer months—many will not be satisfied with the decision. Many others will accept either decision with a shrug of their shoulders. What council should do before it votes tonight is to ponder seriously the actual organized efforts of those who want more daylight hours and those opposed to the move, as represented in petitions presented at the last meeting.

Many who signed the petitions against daylight saving do not live in Salem. Their names should be stricken off, inasmuch as council legislates only for those within the corporate limits. The officials should not be influenced by desires of those who do not live in the city. On the other hand, daylight saving petitioners represent a large and important group of Salem residents. They include hundreds who want the extra hour for recreation—participants and spectators alike. A relatively few of these are golfers; some want to play tennis or otherwise amuse themselves in recreational pursuit; but the large majority are those interested in organized baseball. Add to these the large group of unsung gardeners and you have a combined total reaching into the thousands.

Salem lacks sufficient playgrounds and playground facilities. It is important, therefore, that as much use as possible be made of the limited facilities. No lights are provided for night games at Centennial park. There is little excuse for this lack, but inasmuch as they are not provided, all the daylight possible should be extended for healthful, wholesome recreational projects.

There will be some drawbacks to daylight saving time, especially if other cities fail to adopt it. But after a rather thorough survey of the city it occurs to us that the demand is for daylight saving. Let's provide it as some evidence that we appreciate the benefits of recreation to a community.

Girl Scouts Need Help

Salem people are not responding as they should to the Girl Scouts appeal for a fund of \$6,500 to provide permanent improvements at their reservation northwest of the city. The amount seems small for this city to raise for such a purpose. The Girl Scout movement here is not in the experimental stage. More girls are attracted each year to its program of recreation, character building, education and practical accomplishments. It is well organized under excellent leadership and counsel. It's the kind of an organization Salem should encourage and support in every way possible. The building program is practical and sound. The financial goal deserves to be met and it will be if your contribution is sent to campaign headquarters in the Memorial building.

Now That April's Here

April probably has been written about more than any other month, June finishing up the track a well-winded second.

In English, Chaucer started it all 550 years ago when the language had not fully emerged from its chrysalis. He wrote: "Whan that April with his shoures sote the droghte of Marche hath perced to the rote." And every year April's sweet showers have pierced March's drouth to the root, right down to this era when Vernon Duke got across the same idea in "April in Paris."

The reason for this lyricizing is not far to seek. When a man looks at a tree in April, he admires it for what it is and not as a possible source of stove wood. When he scans the sky he is not looking for clouds bringing snow, thus has time to enjoy the cerulean blue and the protean beauty of the clouds. In August, a butterfly is just a butterfly, but in April it is a symbol of the miracle of resurgent life. In April, man enjoys the robin's matinsong. A few months later he wishes the bird observed union hours.

Life is fresh and washed clean in April. Winter is gone. The sun is warm. The baseball player flexes his muscles. The voice of the cleaning woman is heard in the land. Life takes on new meaning. The year has come full cycle.

Dollar Is Worth Saving

President Truman has taken notice of rising prices which have sent the cost of living index to 152.8 from a norm of 100 based on the 1935-39 average. The President said he hoped businessmen would see the danger of rising prices and praised Ford's and International Harvester's price reductions.

If the nation is to halt spiraling prices, the time to start is now, before customers padlock their pocket-books and open them only to buy minimum amounts of absolute necessities.

The standard excuse for increased prices has been higher labor costs. But the excuse is getting threadbare. While a few industries are worse off financially than they were a year ago, most are reporting increased profits, and if the increases continue through 1947 they will reach exceptional heights. Therein lies the danger. The rosy flush of health may become the feverish pink of the sick room unless the scramble for profits is curbed, to save the value of the dollar.

The wholesale commodity index is up 36.8 percent over a year ago. Clothing prices have advanced for 44 consecutive months. House furnishing and kitchen equipment prices have risen steadily. There have been seasonal declines in food prices but the trend is upward.

A halt has to be called somewhere. Voluntary price reductions have been called unselfish gestures. Actually they are common sense actions on the part of shrewd businessmen who know that if dollar profits are to mean anything, rising prices must be checked.

For Wednesday, April 2

A PROMISING state of affairs, or a progressive or well-launched situation of importance, may become involved in difficulty or disillusion, judging by the ruling astral aspects.

False hopes or inflated ideas and ideals may be dashed to defeat, mainly by rash promises, overstepping in the matter of investment or funds, or possibly through foolish or erratic reasoning, inspired by show, vanity or other resort to personal weakness or idiosyncrasy. Credit rather than extravagant use of resources needs bolstering.

If It Is Your Birthday

Those whose birthday it is are advised to carefully and shrewdly consider all manner of investments, outlay on personal extravagances or lavish expenditures during the year.

Finances are in critical condition, with credit unstable and the menace of jeopardizing established ventures of importance by false fronts or promises, with regrettable reactions on prestige and popularity both in business and personal life. All productive steps should be submitted to keen analysis as to sound and lasting security. "Flash in the pan" tactics are ruinous.

A child born on this day may have some efficiency and skill with laudable ambitions, but these may be offset by innate lavish, excessive and over-inflationary ideas.

GUARDING YOUR HEALTH

Glaucoma: A Serious Eye Condition

BY HERMAN N. BUNDESEN, M.D.

GLAUCOMA is a very serious disease of the eyes, but, according to Dr. Edwin W. Dyer of Indianapolis, it should not be considered as an always hopeless condition.

That is, it does not necessarily cause blindness. If patients would only go to their doctors at the first sign of eye trouble and if doctors are always on the alert for it, so that it can be diagnosed early and treated properly, its ill effects may be ward off.

There is always some pressure of the fluid in the front part of the eyeball but when this pressure is increased beyond the normal, then glaucoma results.

In its acute form, glaucoma causes a great deal of redness of the eyeball, due to congestion of the blood vessels. The pupil or opening in the eyeball is dilated or increased in size. There is a great deal of pain around the eye, and speedy loss of vision.

Another Form

In another form known as the compensated type there may be few, if any, symptoms. The pupil is normal in size; the vision is fairly good and there is neither redness of eye, nor pain. This condition comes on gradually. The patient often complains of a halo or colored rays around lights.

Other symptoms which may be present from time to time are

headaches which come and go and are particularly present over the temples at night or during the early morning. Later on, the pupil may become dilated and there may be some gradual loss of eyesight.

In the first type of glaucoma, surgical treatment is often necessary. According to Dr. Dyer in the other type surgical treatment is used only as a last resort. In the treatment, a careful search should be made for any infections in the body and these should be cleared up when possible.

The fluids taken should be reduced. Excessive excitement should be forbidden. Sedative or quieting drugs may be employed as necessary and, of course, prescribed by the physician in the right dose.

There are certain preparations known as myotics which can be employed to help overcome the difficulty. The kind used and the frequency will be decided by the eye specialist.

A patient with glaucoma of this type should be under the constant care of the physician, who will keep him in the best possible physical condition, while the eye specialist will observe the progress of the glaucoma and also decide what specific treatment for it is necessary.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

The Nation Today

By JAMES MARLOW
WASHINGTON, April 1.—Running the Veterans administration is a big job, and a tough one.

Because it's tough and getting bigger, President Truman more than a year ago borrowed General Omar Bradley from the army to run VA.

How does he like the job? Apparently, not much. He wants to get back to the army as soon as he can.

But before listening to what he says about it, here are some of the VA problems.

The VA operates the Veterans' hospitals, educates and trains them, gives them loans to buy homes, and handles their insurance.

There are billions of details mixed up in that.

At this time there are 18,300,000 veterans of World War II and other wars eligible for veterans' benefits of one kind or another.

VA is paying for the schooling of 1,700,000 veterans now in 10,000 separate schools and colleges.

Another 720,000 are training in 358,000 job-training places.

In January alone VA received 12,927,522 separate pieces of mail; its 4,000 contact representatives held 2,394,786 personal conferences with veterans in VA offices; they answered 955,840 telephone calls for information; they prepared 443,733 pieces of correspondence; and they assisted veterans in filling out 928,727 application forms for benefits.

General Bradley went up to congress to ask the house appropriate

tions committee for more money to keep the VA going.

The chairman, Rep. Taber, New York Republican, is very economy-minded and has been very eager to cut down the number of government employees.

Mindful of this, General Bradley had sent out a telegram to all VA branches to keep down expenses and not hire any more people.

He read Taber a letter from one of the doctors running a veterans hospital, saying his people were in "panic" because of this order.

The general read the letter. Taber didn't like it. He told Bradley: "He was 'almost of the opinion' that Bradley resented the idea of any cuts in the VA."

Bradley told him that wasn't his attitude, and then he cut loose with both barrels on Taber. The general said:

"I am not trying to build this up. I did not ask for this job. I only took it because I was asked to do so and I am trying to do the best I can until I can be replaced, which I hope will be as soon as possible. Because it is a thankless job no matter how done, and I am just trying to make the best of it and what I think the congress intended."

The letter he had read was a scorching. It was from Dr. Karl A. Menninger, who's running the VA hospital at Topeka, Kansas.

After relating his great trouble in getting doctors to work for the government at all, he said the doctors now are saying:

"It is time for us to get out of this and into private practice and let the VA revert to the mediocre type of medical care it used to have."

Then Dr. Menninger told Bradley in the letter:

"We all realize that this is not your idea but that your hand is being forced and that certain members of congress think that this is just a political item."

"But they should know that there are many who are not politicians and not disposed to submit to political maneuvers. I came into this thing because I saw the possibility of developing a great thing for the veterans and the nation."

"But I and many others like me will drop it like a hot cake if pennywise, pound foolish policies are forced upon it."

"I have read this letter to the administrative staff of my hospital and received their unanimous endorsement as to its accuracy and faithful representation of the local situation."

Sulphur was used for fumigation as early as 1,000 B. C.

AWFUL RHEUMATIC PAIN LEFT MAN'S BODY IN 8 HOURS

"For years I had rheumatic pains in the muscles of my shoulders, legs and ankles, which finally got so stiff, sore and painful that when I walked I would flinch with agony. I got RHU-AID and started taking it, and the rheumatic pains began leaving my body in eight hours. Now the pains are gone from my muscles entirely. I feel like some other person, and I praise RHU-AID to the sky." This is a genuine testimonial from a man living right here in this vicinity.

RHU-AID is the new liquid formula containing three valuable medical ingredients. These Three Great Medicines, all blended into one, go right to the very cause of rheumatic and neuritis aches and pains. Miserable people soon feel different all over. So don't go on suffering! * WE, THE WOMEN

BY RUTH MILLETT

I can hardly wait for Mother's Day to roll around this year. That's the only day left, it seems, out of the 365 days of the year that is absolutely a closed season on motherhood.

On the other 364 days everybody feels free to take a pot shot at Mama.

I, for one, am getting good and tired of running for cover every time somebody decides that Mama is responsible for practically everything that is wrong with the world.

One day they tell her she has failed miserably at her job of "being a woman" because of the shameful divorce rate.

The next day she's told she is a failure because she is no longer important in the economic scheme.

In short, labor-saving devices and two children instead of eight have almost cut her out of a job.

There are even those who ridicule her for not straightening out the world when she got to vote.

EGO NEEDS BOLSTERING

Poor old Mom. She is taking a beating these days. Anyone who wants to be quoted, to sell a magazine article, or get a book printed just has to find something new that's wrong with Mama.

Being a mother, I am getting

tired of dodging all the ammunition being fired in my direction.

How many more days are there till Mother's Day, anyway? That's what I want to know. And the eulogies had better be good this year. Mama's ego needs bolstering.

Meeting Cancelled

A meeting of the Harriet Watt guild of the Church of Our Saviour (Episcopal) set for Wednesday evening has been cancelled on account of Holy Week.

A session in one week will be held at the church.

Mr. and Mrs. Kenny Ziegler and family, E. Fourth st., and Mr. and Mrs. Gus Tolerton and son, Charles, S. Lincoln ave., left Sunday on a vacation trip to Washington, D. C.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is indigestion.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help it start back on its feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again.

Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

Salem Men Speak To Columbiana Clubs

COLUMBIANA, April 1—Arthur Vaughan, chief engineer of the Electric Furnace Co. of Salem, spoke at the meeting of the Kiwanis club at Bundy's restaurant last evening. His subject was "England After the War." Vaughan has been recently returned after three months spent in that country. Lloyd Crawford was program chairman.

After the meeting, the club directors met at the home of Walter Crawford, E. Park ave.

An Easter theme, "Is There Life Everlasting?" was the subject of an address at the meeting of the Rotary club at Valley Golf club Monday evening by Dr. James Scott of the Methodist church in Salem. Rev. Glenn L. Tennell was program chairman.

Union Service Friday
The annual community Good Friday service sponsored by Columbiana churches will be held in the Methodist church from 12 noon until 1 p. m.

Other co-operating churches are the Presbyterian, Lutheran, Grace Evangelical and Reformed, Christian, Nazarene, and Church of the Brethren.

Two brief meditations will be given on the general theme, "The Cross Speaks." Rev. Lawrence J. Rule of the Church of the Brethren will speak on "The Cross Spoke in the Crucifixion," and Rev. Waldo J. Bartels of Grace church on "The Cross Speaks Today." There will be special music.

Breeders Banquet
The Columbiana and Mahoning County Guernsey Breeders association will have its annual banquet in the dining room of the Methodist church Thursday evening, April 10.

Mrs. T. B. Hyland of Columbiana, president of the Columbiana County W. C. T. U., was in Columbus last week attending a mid-year executive meeting of the W. C. T. U.

A pre-Easter communion service will be held in the Methodist church Thursday evening at 7:30.

Jerusalem Lutheran church daughters of the King will hold their April meeting at the church at 8 tonight. Mrs. Paul T. Rueckwald, wife of the pastor, will conduct devotions, and Miss Minnie Eckenweil will present Lutheran standard highlights. There will be music by a quartet, Florence Lipp, Elizabeth Tieman, Viola Eberhardt and Verna Wilhelm. The program will be in charge of Ruth and Verna Forney.

The congregational supper of the Methodist church will be held Thursday evening, April 17, instead of April 10.

Sunday dinner guests of Mr. and Mrs. Paul E. Reeves were Robert F. Trent of Wadsworth, and H. L. Turley, representative of the Pension Fund of the Church of Christ. Mr. Turley and Mrs. Reeves were members of a group who did Home Mission work in an immigrant mining settlement while they were students at Bethany college.

Cleveland Police Don't Overlook Anything

CLEVELAND, April 1—Cleveland's police record bureau claims it doesn't miss anything—even offenses committed while President Lincoln was delivering his Gettysburg address.

Making a routine check on a 90-year-old man picked up for questioning in a burglary case, police learned he had a long criminal record. One notation read:

"As a juvenile he was reprimanded for throwing rocks at the Indians while attending Lincoln's Gettysburg address."

The man later was found to have no connection with the robbery and was released.

Supreme Court Puts OK On Pullman Sale

WASHINGTON, April 1—The Supreme court late yesterday approved sale of the Pullman company sleeping car business to a group of 43 railroads.

The sale was opposed by the Justice department on the ground that it would merely substitute a "more powerful monopoly" for one which had been adjudicated illegal under the Sherman Anti-Trust act.

The sale was approved by a 4 to 4 decision. No opinion was written. Justice Jackson took no part in the case.

New Department Set Up As Draft Expires

WASHINGTON, April 1—President Truman late yesterday signed legislation establishing the Office of Selective Service Records to handle the bookkeeping job of liquidating the wartime draft system.

The office will have no authority to draft Selective Service registrants because the draft law expires at midnight tonight.

The new agency will be headed by a director to be appointed by the President and paid \$10,000 a year.

The law contemplates complete liquidation of the Selective Service system, created in 1940, by March 31, 1948, or sooner if possible. It provides for retention of sufficient personnel to assemble records and prepare them for storage in state headquarters.

During its heyday the Selective Service channeled 10,222,367 men into the armed services.

Civil War Vet, 101, Dies
CINCINNATI, April 1—Fred Pfister, 101, the last of Cincinnati's Civil War veterans, died Monday at his home.

A state commander of the G. A. R. in 1937, Pfister last attended a national convention of the organization in 1945.

Americans normally send about 680,000 telegrams a day.

Kroger Co. Sues Swift After Meat Kills Three

CINCINNATI, April 1—The Kroger Co. today filed suit in common pleas court against Swift & Co., asking \$50,000 damages as the result of a purchase of meat which allegedly caused three deaths in Dayton.

The Kroger petition charged that on Dec. 15, 1941 it bought from the Swift Company five pounds of sweetbreads, which later were sold to a Dayton restaurant.

The restaurant prepared and served the meat, the petition said, and three deaths were recorded among the seven people who became ill from eating the food.

As a result of the deaths, the Kroger Company made settlements with relatives, the petition added. The Cincinnati company said its business in Dayton had been damaged as a result of the three deaths.

Milk Price Lowered
BELLEFONTAINE, April 1—Dairies here today announced a one-cent cut in the price of milk to 17 cents a quart. The price drop becomes effective tomorrow.

Ford To Again Make 3-Passenger Coupe

DETROIT, April 1—The Ford Motor Co. announced today that its de luxe six-cylinder, three-passenger business coupe was being restored to production at a price \$20 below the listing that prevailed at the time the model was temporarily discontinued.

J. R. Davis, vice-president and director of sales and advertising, said this cut with reductions previously announced "gives Ford the lowest priced coupe and tudor sedan in its field."

Ford reduced prices from \$15 to \$50 on passenger cars last Jan. 15. Davis said retail orders with Ford dealers today total more than 1,500,000, or 62 per cent more than were on their books a year ago. He said he believed not more than 20 per cent of these orders are duplications. Production currently is at the rate of approximately 4,000 units daily.

The Ford sales chief said "running changes" are being made in Ford cars without interfering with production. The changes chiefly are in styling.

Washingtonville

Ivan Davis has announced that Rev. George D. Kelster of Holy Trinity Lutheran church, Salem, will conduct Easter Communion services at 7:30 p. m. Thursday in the Washingtonville church.

Mr. and Mrs. Keith DeJane and children Sandra and Tommy were Sunday dinner guests of her parents, Mr. and Mrs. Robert Stacey of Lisbon. Mrs. DeJane, Mrs. Stacey and another daughter, Mrs. John King of Salem, shared honors at the family gathering which honored them on their birthdays.

Mrs. William Smith, Mrs. Jacob Stecker, Mrs. Merle Stouffer and Miss Eunice Stouffer will be hostesses to the Women's Society of Christian Service Friday evening in the Methodist church.

Mr. and Mrs. Ansel Senheiser welcomed the Saturday night club in their home. Card prizes went to Mr. and Mrs. D. M. Weikart of Leetonia. Mr. and Mrs. Lynn Davis and Ivan Davis. The next meeting will be April 26 at the home of Mr. and Mrs. D. M. Weikart in Leetonia.

Mr. and Mrs. Ronald Bailey and children of Hanoverton were Sunday visitors of his parents, Mr. and Mrs. Delmont Bailey.

Mr. and Mrs. Herman Arn were Sunday visitors at the home of their daughter and husband, Mr. and Mrs. John Chellew, of near Winona.

THE TELEPHONE UNION REFUSES TO ARBITRATE

The offer by the Ohio Bell Telephone Company to arbitrate wage demands has been refused formally by the Ohio Federation of Telephone Workers.

Also, the offer by the Company to extend the present liberal contract was refused. This offer was made in view of the fact that telephone wages of telephone workers compare favorably with those of the communities in which they work and an increase is not warranted at this time. To grant wage increases while such a favorable comparison exists is unfair to the people who pay for telephone service.

THE UNION DEMANDS

The Union demands an increase of 12 Dollars per week for every employee, plus many costly wage changes, such as bringing wages for each community served by Ohio Bell up to the level of the largest industrial cities of the country.

All of these demands, if granted, would force the expenses of the company to a level far beyond the total amount of money taken in for telephone service. They would amount to 35,000,000 dollars per year, which is equivalent, on the average, to more than 2.00 dollars per month per telephone served by the company.

The Union demands include, in addition to wages, union shop, check-off, jurisdiction over telephone work, leaves of absence for union work, changes in pensions and many other items. These issues do not justify a strike. Telephone workers, besides, are known to enjoy excellent working conditions and practices.

TELEPHONE WORKERS ARE DOING ALL RIGHT

A telephone operator in a medium sized town has a basic top rate of 167 dollars per month. In addition, substantial amounts are paid for Sunday and holiday work and for evening or night work. Overtime pay is also additional. On the average, one out of ten have a rating of "supervisor" with additional pay of 30 Dollars per month.

Operators in the smaller towns have a top rate of \$8.70 per month less than the medium sized towns and the large cities are \$17.40 per month higher.

Telephone workers have good income, excellent working conditions, steady work, up to three weeks' vacation with pay, payment for absence due to illness and liberal provision for pensions. They are paid while they learn their jobs and have opportunities for promotion that are unsurpassed anywhere in an organization that brings all management people up from the ranks.

A TELEPHONE STRIKE IS NOT JUSTIFIED

The Telephone Company is making every practicable effort to avoid a strike which would work severe hardship upon the public.

It has offered to arbitrate the fairness of its wages.

It wants to be equally fair to the employees and to the folks who pay for telephone service.

It has always bargained with the Ohio Federation of Telephone Workers and has increased wages when conditions justified the increase. The wage schedules have been increased by 68 per cent since January 1, 1941.

Certainly from the standpoint of Telephone wages and working conditions, a strike just does not make sense.

St. Louis Cardinals Are Picked To Win National Loop In '47

TALBOT SEES BEST INFILDS IN YEARS; RATES BROOKS 2ND

Likes Cards Because They Appear Better Than 1946 Aggregation

TAMPA, Fla., April 1.—The St. Louis Cardinals' infield should come to be recognized this year as one of the greatest in the history of baseball, and Manager Eddie Dyer's world champions most likely will win the National league flag by a decisive margin.

The foregoing is the principal fruit, so far as this writer is concerned, of six weeks spent wandering through the spring baseball mart, pinching the products and listening to the barkers.

The Red Birds should win again because they will be a better club than they were at any time in 1946. If pressed for a complete order of finish in the national this observer would guess something like this: (1) St. Louis, (2) Brooklyn, (3) Boston, (4) Chicago, (5) Pittsburgh, (6) Cincinnati, (7) Philadelphia and (8) New York.

Except for some doubt about Captain Terry Moore's ability to play his usual sparkling ball in center field for more than 100 games, the Cardinals are set to open the race with a rush.

The team that appears to have the best chance of upsetting the above order of finish is Pittsburgh. With Hank Greenberg and Ralph Kiner, last year's twin homerun kings, taking their big cuts in order, the Pirates might do almost anything—or nothing much.

Hockey Finals Tonight

The Pittsburgh Hornets and the Hershey Bears, the American Hockey league's two best teams, open the final round of the circuit's Calder Cup playoffs at Hershey tonight. Neither has ever won a playoff and this is the first time in the circuit's annals that the final round will be staged entirely in the state of Pennsylvania. The first two games of the best-of-seven affair will be staged in Hershey with the third and fourth games at Pittsburgh's Duquesne Gardens.

Arena Fight Carded

CLEVELAND, April 1.—Matchmaker Larry Atkins announced that Artie Levine, Brooklyn middleweight, and Chuck Hunter of Cleveland, former national amateur lightweight champion, will fight a 10-round boxing bout at the Arena April 15.

Training Camp Notes

(By Associated Press)

FORT WORTH, Tex., April 1.—It will be "Old Home Week" for another Boston Red Soxer today. Tommy Fine, who lives nearby, will share the pitching chores with Joe Dotson against the local Cats of the Texas league. Yesterday in Houston, Tex., Hughes won a pitching duel from his first cousin, Jack Creel, when Johnny Pesky lashed out a triple that gave the Sox a 4-2 win over the Houston Buffs.

WEST PALM BEACH, Fla.—Manager Charlie Mack of the Philadelphia Athletics went all-out today in praise of young First Baseman Hank Bissatti, who Mack says, "will be a great player."

The 22-year-old left-hander may not appear with the A's this season for Mack feels he needs another year of triple-A seasoning but he is counting on Bissatti in his 1948 plans—decidedly.

Bissatti, who played with Toronto of the International and Savannah of the South Atlantic leagues last year, has rapped out four hits in 12 times up and has handled 37 chances without a boot.

CLEARWATER, Fla.—The Philadelphia Phillies have asked waivers on Charley Letchaw, young second baseman. General Manager Herb Pennock said that if waivers are obtained, Letchaw will be given his unconditional release.

TUCSON, Ariz.—Bill Nicholson worked out lightly yesterday for the first time since developing a charley horse a week ago. Second Baseman Don Johnson, whose brittleness is beginning to worry the Cubs, is out of the lineup again, this time with a banged-up finger.

PHOENIX, Ariz.—The New York Giants celebrated their return to their initial spring training base yesterday by staging a six-run ninth inning rally to move out the Chicago White Sox 9-8. Highlighting the rally were two two-run homers by Clint Hartung and Willard Marshall, the latter's blow winning the game.

Things Got Hot, So He Started Shooting

BY JAMES A. O. CROWE

DETROIT—Harry Reeves, the National all-around pistol and revolver champion, became the king because it was not aboard the USS Lexington one day in 1936.

Patrolman Reeves of the Detroit police has held the title as undisputed king of small-arms competition since 1941.

The champ declares his accomplishments boil down to the ability to keep calm.

"It's not so much proficiency in shooting that counts," he says. "It's like golf—you have to be able to keep control of yourself when the pressure is on."

Displaying the steel-cold nerves which make him the terror of pistol ranges wherever he appears, Reeves showed complete superiority over the biggest and best field of rivals in the 40-year history of the National Rifle Association pistol and revolver matches at Camp Perry, O., last September, and in the National all-around championships at Tampa, Fla., this March.

Sets New Record

Reeves also set a new world record at the eastern regional championships in Quantico, Va., last July when he hit the target for 2,646 points out of a possible 2,700 in the all-around event.

Reeves returned to his police duties a year ago after three years with the Marines. He was on special duty in China most of the time, and hadn't shot a pistol in competition since he joined the Corps in 1942.

"I joined the police force in 1937 after I finished my first hitch—six years in the Marines," he says. "I pounded a bat until 1941 when I was made firearms instructor."

Married and the father of two small children, Reeves is 36. He has a hair-trigger smile and crisp, brown hair. Shorter than average, he possesses a chunky, vigorous frame.

Born and raised near Vincennes, Ind., he attended the University of Detroit for two years before enlisting in the Corps in 1931.

"It's kind of funny, the way I got into pistol competition," he says. "I was on duty aboard the old USS Lexington in the summer of 1934. She was anchored in Quantico Bay on the coast of Cuba, and it was hotter than all the hobs. The steel plates were roasting and there wasn't a cool drink aboard."

"A notice was posted that try-outs for a pistol team to compete in the all-Navy games would be held ashore."

Sport Chatter

BY HUGH FULLERTON, JR.

NEW YORK, April 1.—Now that Joe Lapchick has broken the ice—for a consideration that apparently is better than the more-than-\$10,000 offer from St. John's—you can look for a number of other coaching changes in the Basketball Association of America.

Paul Birch, already has resigned at Pittsburgh and Bob Morris is leaving Providence. Roy Clifford isn't likely to stay at Cleveland and the betting at the moment is that if Toronto doesn't drop out of the league, Red Rolfe won't return next season.

The champ declares his accomplishments boil down to the ability to keep calm.

"It's not so much proficiency in shooting that counts," he says. "It's like golf—you have to be able to keep control of yourself when the pressure is on."

Displaying the steel-cold nerves which make him the terror of pistol ranges wherever he appears, Reeves showed complete superiority over the biggest and best field of rivals in the 40-year history of the National Rifle Association pistol and revolver matches at Camp Perry, O., last September, and in the National all-around championships at Tampa, Fla., this March.

REDS' SHORTSTOP PROBLEMS ENDED

(By Associated Press)

TAMPA, Fla., April 1.—The name of Eddie Miller was back on the Cincinnati Reds' roster today, thus solving the shortstop problem for Manager Johnny Neun.

Agile Eddie, who had quite a tussle with himself this spring trying to make up his mind whether he was going to play baseball all year, reported at training camp here yesterday, ready to go to work.

"I'm convinced now that I'm going to be all right," he said yesterday as the ink dried on his contract.

"Soon as I was convinced of this, I was ready to join the Reds."

Miller's throwing arm had been troubling him.

Miller's appearance changed the picture considerably for sure-fielding rookies, Kert Wahl and Virgil Stallcup, who had ambitions of becoming the regular shortstop.

A home run by Frankie Baumholtz, rookie outfielder, with Pitcher Johnny Vander Meer aboard accounted for the Cincinnati markers yesterday as the St. Louis Cardinals downed the Reds, 7-2.

The Reds got only five other hits off Johnny Beazley and Jim Hearn, while the Cards shelled Vander Meer and Elmer Riddle for 13 safeties.

Receive Official OK For Auto Races

Official sanction has just been granted to the Findlay speedways for the operation of midget auto racing at Canfield by the American Automobile association.

The season of American automobile association midget auto racing will open at the Canfield speedway on Saturday night, April 26th.

This action completes the establishment of an extensive midget racing circuit in the Ohio area. The operation of AAA midget auto racing in this area will bring many of the top drivers of the country to participate in these midget events. This new field of talent of cars and drivers will greatly enhance the competition and thrills for the paying public.

15 CATFISH WEIGHT 61 LBS.

Caught by Geo. Wylie on a marvelous new CATFISH LURE

HERE'S HOW IT WORKS

A lure dipped into a specially prepared emulsion, dries quickly into a firm bait irresistible to catfish. Pictured above is the lure before and after dipping. It will cast like a bass plug and when in the water "Stuffs" a smoke-like substance that attracts catfish from a great distance. Bait can be made "Fast Stuffer" for pole fishing or made to last several days for set lines. Ingredients for emulsion may be purchased from local merchants and when made into bait will keep indefinitely.

One sample lure with full instructions how to make lure and emulsion, will be sent for ONE DOLLAR. It's the best dollar you've ever spent if you want to catch catfish. Send your order now to:

EDWARDS OUT FOR AT LEAST THREE MORE WEEKS NOW

Shoulder Injury Puts Tribe On Spot For Outfield Stuff Until Then

TUCSON, Ariz., April 1.—Outfielder Hank Edwards, only Cleveland Indian to hit in the 300 bracket last year, won't return to action for at least three more weeks, Manager Lou Boudreau reported today.

The Norwalk red-head injured his right shoulder during an exhibition game with the New York Giants three weeks ago. He is wearing a special brace and has done some running.

In addition to Edwards, seven Indians already have been tried in the right field spot this spring. They are Gus Zernial, Hal Peck, Pat Seery, Johnny Ward, Wayne Blackburn, Ted Sepekowski and Jim Wasdel.

Bob Feller will start the final exhibition game with the Chicago Cubs here today. It will be his fourth start of the exhibition season and probably his next to last hurling assignment before the Indians open the season against the Chicago White Sox in Cleveland stadium April 15.

Big-name bowlers hit ABC

LOS ANGELES, April 1 — With booster teams rapidly getting the new lanes for the American Bowling Congress tourney in shape, the big name bowlers of the nation will start swinging into action next weekend for their share of the \$215,000 in prize money.

Heading Friday's card will be the famed Hermann Undertakers of St. Louis, former world match champions. The Missouri team holds the all-time ABC record of 3,797 scored in 1937. Included in the lineup is Hank Lauman, one of the nation's topnotch match bowlers.

Yesterday two Los Angeles youngsters, Allen Spector, 15, and Kenneth Hunt, 22, shot a 1260 to take over first place in doubles competition.

PITTSBURGH — Juste Fontaine, 141, Pittsburgh, stopped Bobby Ruffin, 139, New York, 7.

Strikes to Spare

(By Associated Press)

The Salem Recreation women's bowling team rolled into eighth place in the five man event at the Women's State bowling tournament in Akron over the weekend, aggregating a 2436 score.

The best effort in the singles competition was rolled by Briggs with a 652 total. She holds third place in the tourney in that event.

In the five man competition the Salem women rolled with a 399 pin handicap. Their scores were DeJane, 565; Briggs, 429; Caldwell, 439; Slagle, 440; and Ramsey, 579.

Singles scores were as follows: Briggs, 652; Slagle, 592; DeJane, 584; Caldwell, 542; Reedy, 538; and Ramsey, 528.

KING

(Continued from Page 1)

son of King Constantine. He was of
Russian, German and Danish blood.
He became George II of the Hel-
lenes after his father abdicated in
1922. Three months later he was
ousted by a revolution. He spent the
following 13 years in exile, living
on \$5,000 a year in London.

He recouped his throne in 1935
and decreed a dictatorship. He fled
before the Nazi invasion in 1942.
He went to London to spend the re-
maining years of his exile before
the postwar plebiscite put him back
on the throne.

Prince in Athens

(The king's brother, Prince Paul,
is 45 years old, the husband of
Princess Frederika Louise, daughter
of the Duke of Brunswick. They
were married in January, 1938.

(The prince is reported to be in
Athens.

(Greek sources in London said
Prince Paul presumably would take
over as Greece's constitutional mon-
arch and that the present govern-
ment headed by Premier Maximos
presumably would remain in office
at least temporarily.

(Prince Paul's children are Prin-
cess Sophia, born in November,
1938; Prince Constantine, born in
June 1940; and Princess Irene, born
at Capetown in May, 1942.

(George was married Feb. 27, 1921,
to Elizabeth, elder daughter of King
Ferdinand and Queen Marie of Ro-
mania. They were divorced on July
7, 1935).

GEORGE JUDY

LISBON, April 1.—George Judy,
77, a cobbler here for 30 years, was
found dead in bed at his home, S.
Jefferson st., this morning by Wil-
liam Coleman, a neighbor. He had
been ill for several years.

Born in Grant county, W. Va.,
Dec. 24, 1869, he was the son of
Adam and Mary Judy.

He is survived by three sons,
Jacob of Canton, J. R. Judy of
Washington, D. C., and Homer of
Cleveland.

Funeral arrangements have not
been completed.

Funeral service will be held at the
home at 2 p. m. Thursday in charge

Must Die In Chair For Hatchet Death of Mother

COLUMBUS, April 1.—Denied a
stay of execution, 23-year-old Rus-
sell Eugene Koons of Springfield
must die in the electric chair at
Ohio penitentiary tomorrow night
for the hatchet slaying of his moth-
er.

Gov. Thomas J. Herbert refused
to halt the scheduled execution, an-
nouncing he had received a recom-
mendation from the state pardon
and parole commission "adverse to
the exercise of executive clemency."
The governor added he would "abide
by the commission's recommenda-
tion."

At a clemency hearing last Friday,
the commission heard pleas that
Koons was not sane when he slew
his mother with a hatchet in De-
cember, 1945. The Ohio Supreme
court rejected Koons' appeal from a
first degree murder conviction by a
three-judge common pleas court.

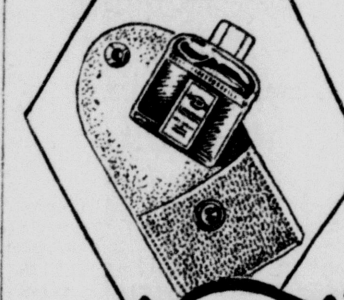

Wellsville Ban On

WELLSVILLE, April 1.—Dr. E. P.
Neitz, city health commissioner, to-
day declared there is "no improve-
ment in the situation," and con-
tinued his order which last Friday
closed schools, a theater and a
bowling alley and banned public
dances because of colds and influ-
enza.

Motorists Without New Plates Granted Leniency

COLUMBUS, April 1.—Gov.
Thomas J. Herbert has requested
police to grant a few days' leniency
to motor vehicle owners who failed
to receive their new license plates
in time for the deadline today.

The law required that all 1947
license plates be on the cars by mid-
night Monday.

State highway patrol officials
said that because of the delay in
getting tags to truckers and dealers
in many places each case would be
handled "individually where miti-
gating circumstances permit."

The governor said he was advised
by the registrar of motor vehicles
that the delay in distributing lic-
ense plates resulted from a lack of
paint.

Indicted For Arson

WASHINGTON COURT HOUSE,
April 1. Mrs. Mary Dawes, 40, was
under indictment today on charges
of arson and "burning property to
prejudice an insurance company."

She had four fires at her home in
a three-day period in February.
Fire Chief George Hall reported.

Firm Incorporated

LISBON, April 1.—Papers of in-
corporation were granted today to
the Sekely Industrial Tool & Mfg.,
Inc. of Lisbon. Incorporators includ-
ed Carl Sekely, John Chilik and
Lynn R. Riddle.
